

Hi

I work with eight APY Community Councils and provide administrative support.

I believe this new proposal could unfairly impact on Directors and potential Directors in the APY Lands who don't always have current or otherwise, proof of ID.

A new Council is voted in each year and this would be an onerous requirement on my position to ensure that APY Aboriginal Corporation Directors (about 65 persons) apply with proof of identity.

I ask that APY Council Corporations be exempt from this requirement.

With regards

Bonni Yeatman
