Re Super Covenant:

Another way of controlling the masses? Unfair that we will not get a choice here! Our hard earned money should be able to spend or not spend it as we please, especially self funded retirees! What if we need a nursing home at the other late end of our retirement & are saving a little of our super to cover that & it's all gone because we were FORCED into spending it, are the govt then gonna help us with this? (A huge concern if Indue Card also comes in for those on pensions)! Of course won't assist with nursing home expenses, they are only interested in making the less wealthy people's lives as hellishly difficult as possible & in every possible way! LEAVE RETIREES ALONE & CONCERNTRATE ON MAKING WEALTHY POLITICIANS & THEIR CRONIE MATES PAY THE TAB OR BE VICTIMISVICTIMIZED FOR A CHANGE!! GGGRRR
